**II. Vision, Mission, History**

2009 We've proudly started calling the program of KONTAKT bB the Swimming academy beyond borders. The main activity has been concentrated in four centers - Prague, Brno, Karlovy Vary, České Budejovice. The České Budějovice centre was joined by a full-time former head of the Prague Centre Jan Janousek and under his leadership, the center began to develop promisingly. The 3rd. year of the Czech Cup came through successfully and we carried out again the EUROWAVES meeting in Chomutov. There was a breakthrough Constitutional Court Finding in the dispute concerning the membership of the Czech Union of disabled athletes (ČSTPS) with the Czech Paralympic Committee (ČPV) and based on this finding, the Supreme Court handed down the verdict at the end of the year that ČSTPS has never stopped being a member of the ČPV. This decision was upheld the 13th April 2010 by the Municipal Court as the sixth judicial instance. The verdict relates to our sports clubs that are members of the ČSTPS, and indicates that our swimmers who have resisted the attractions of transferring to another organization, had been unjustly denied the right to participate in the top Paralympic competitions.

**The III. Areas of the main activity**

**Swimming lessons**

**YIT - Yearlong individual training**

***Motto: "On the wave of belonging"***

Owing to the methodical series by Jan Nevrkla and Martin Kovář, we can teach people with severe physical disabilities to swim. A total of 279 people with disabilities were involved in our full-year swimming lessons in all centres, 54% of whom being children and young people under the age of 18. The preparation and implementation of the swimming program is helped by sport clubs that were established in accordance with the centers in Prague, Brno and Karlovy Vary and with the charters of the association as separate legal entities which fill in the swimming lessons in the regions with sport activities and other free time activities This is how the activity took place in the centers and clubs of the Swimming Academy beyond borders:

Jaroslav Kolář - Manager of the Centre  
Miroslav Vanek - Deputy Head of Centre (Centre Manager in June)  
Táňa Lálová - PR and FR Manager of the Centre

The work group of the Prague Centre has experienced a year of changes - the proven worker Jaroslav Kolář has returned from a long stay in Africa and has taken up the superintendency of the Centre. Táňa Lálová has taken up the post of the FR and PR manager. She has been one of the key volunteer swimming instructors of the Centre. Both of these two staff members, along with Mira Vaněk will try to expand further the current range of activities of the Centre.

119 swimmers were involved in 24 swimming lessons a week along the whole year in the premises of the gallery of the Strahov stadium.

Right at the beginning of the year the traditional training of physiotherapy students of the 3rd Medical Faculty of the Charles University attended by a total of 30 future physiotherapists was held. Students have become familiar with the specifics of teaching the handicapped swimming both theoretically and in practice.

The Centre has further assisted in the organization of the KONTAKT bB XI - see the News of the year.

The sport club SK KONTAKT PRAHA cooperates with the Centre under the leadership of Krystyna Poloková. It is the home club of the greatest names of the Czech swimming for disabled. The orange-black club jersey is worn by the co-methodologist and the quadruple paralympic swimming champion Martin Kovář, the golden paralympic from Sydney Jana Hoffmann and Kateřina Coufalová with the gold from Athens. Certainly worth noting are the iron successes of the deputy chairman Zbynek Švehla from the Hawaiian Ironmen. Currently one of the best active swimmers is Kateřina Lišková whom the Czech Paralympic Committee did not allow to take part neither in the European nor in the World championship, despite the fact that with her outputs of this year she would have probably acquired the gold, silver and bronze medal, little would have made it possible - had she gone under the Czech association of handicapped athletes from the Czech Union of Physically Disabled. This little however, was too much for Kateřina, together with the other club swimmers she attended this year's series of the Czech Cup and the German Open (see above). In addition to these races, for the first time the club swimmers went to Brno, where they excelled with their performances at the Games of Disabled Talents.

The sport club prepared for the swimmers and their family members an unusual ending of the academic swimming year called The Piratical Sail on Vltava river with an fearless motto: "In case we sink - we will swim!". Furthermore they organized the XIV. MRUČ (The championship of Czech Snags) – the contest on the best soaked smoked-meat which is part of the triunique annual celebration of KONTAKT bB XI. (See, Birthdays, awards and miraculous pieces). This year the itinerant trophy and the mop of Kyle from Wisconsin went to the winner Petr Thiel.

Another event organized by the club, were the Fishing competitions or else, Fanda Charvát Memorial which every year mark the end of the three-week sojourn in Strakonice (see the WIS paragraph for further details on the sojourn). Also this year the fishing enthusiasts on and without wheels woke up early to catch the most fish-centimetres From the mouth of Václav Eybl the director of the contest we heard on the sunny afternoon the verdict: the winner of this year was Jiří Havel, whose total of caught fish was 292,5 cm.

In the implementation of the swimming program during the year a total of 29 volunteers and swimming instructors helped, we would like to point out the help of Bára Smékalová, who significantly contributed to the realization of swimming lessons throughout the year. Further we were helped by:

A special Thank you for the hospitality and cooperation in finding a swimming pool area at the Strahov swimming pool belongs to the University sports club coaches Jaroslav Strnad and Markéta Kaplanová. For a long-lasting helpfulness and support we would like to thank Mr. Luboš Klouda, we would like further to say a word of thank you to the pirates of the boat called Večernice who made us happy by playing music and for the foray after the end of the swimming lessons before the summer holidays. We want to thank also the school farm

of the High agronomy school in Dobešice u Písku and the Kovář family for helping in the realization of the fishing contest.

### **The Brno Centre and its sports club SK KONTAKT BRNO**

The work group:

Mgr. Jana Nastoupilová – the Manager of the Centre

Mgr. Ivana Tesařová - Deputy Head of Centre

Marta Vojáčková - PR and FR Manager of the Centre

The stable team of female workers of a single Moravian Centre prepared ten swimming lessons a week for 91 swimmers, in the first half of the year in the sports and recreation complex of Kraví Hora, Lázně Kuřim and in the swimming area Za Lužánkami. With the new school year, it became necessary to move the swimming lessons due to the reconstruction of the Kuřim pool and due to ambiguities around the functioning of the pool Za Lužánkami, where property disputes brought about questions about the preservation of the functioning of the site. Due to the small number of pools in the city it was very difficult to secure lessons in the same range and meet all the requirements of the swimmers of the Centre. Thanks to the best efforts of the leader of swimming lessons Iva Tesařová finally, after many peripetia the lessons anchored at school pools at Elementary School Horní and Arménská so instead of 10 regular lessons there are only 7 taking place every week. You could say that thanks to the concentration of the lessons the swimmers are even closer to each other now than ever before ☺ .

As in previous years, the Centre cooperated with the Children's Hospital of movement disorders in Boskovice where they once a month got familiar with the activities of the association, including practical examples of swimming lessons. Furthermore, this year once a week lessons for children in need from the Children's Centre took place.

The Brno Centre apart from the year-round swimming lessons prepared also two sojourn events - The Dawning for the young and the World of Fairy Tales for the youngest children. The association's employees have played an important role in the preparation of the Swimming Summer in Strakonice (see the section devoted to WIS) then they organized the Brno DRAGON race, they also participated in organizing the international race EUROWAVES (see the section devoted to IPT) and before Christmas they prepared provincial race called the Mini Cup of Kuřim for the talents of Brno. x

The Moravian Center is also helped and its activity is further developed by the SK KONTAKT BRNO, which was founded by Roman "Doudy" Vojáček and its base was made by childhood swimmers. Today these children perform in junior and adult categories, and newly coming young adepts of swimming are filling up the vacant positions. The most successful club swimmer Petra Hrabínová participated in the Summer Paralympic Games in Athens and in the World Championship in Durban and on both races she got into the final of 100-m breaststroke. Currently the front positions in the chart of the Czech Cup are captured by the twelve-year-old Michaela Philippi and by the thirteen-year-old Marian Fiala. The club members participated in the whole series of the Czech Cup and they represented the club at the race for the Svatka cup and at the Games Of Disabled Talents. The club participated in the organization of the camps The Dawning and the World of Fairy Tales (see WIS) and in the Brno Dragon race (see more in the IPT section). Thanks to the activity of the club its members could join the bowling tournament, dance at the Enigmatic celebration or celebrate the feast of Saint George.

36 volunteer and swimming instructors helped to realize the swimming lessons and other activities.

We thank everyone for their dedication, their time and their willingness!

**Organization:** KONTAKT bB

**Events:** The Annual Report  
**Subject:** Text – basis

---

We thank very much the Crhonek family as well as everyone who, without expecting any reward, helped during the preparation of the club's activities, for their long-term patronage.

**The Karlovy Vary Centre** and its sports club SK KONTAKT Karlovy Vary

The work group:

Mgr. Štěpánka Řehořková - Manager of the Centre

Monika Viola - Deputy Head of the Centre

Tomáš Černý, Head of Swimming Lessons

Mgr. Michaela Tůmová - FR Manager

Paul Slavíková - PR Manager

This year, the center of Karlovy Vary has grown by two team members. The Lady trio Štěpánka - Monika - Míša (the latter, despite being on maternity leave, is on-call) has grown since September 2009 by Pavla Slavíková who took up as a part-time job the PR of the Center to the care for her two children, and from his sojourn in Mallorca a favorite volunteer returned ahead of time - Tomáš Černý. He is now a favorite leader of our swimming lessons. These are the five people, who take care of 53 swimmers in the Centre, for whom 10 lessons 4 times a week were prepared in Alžbětiny Lázně and in the swimming pool of the Elementary School ZŠ Krušnohorská. In addition to the swimming lessons they also organized a tourist event for the swimmers called The Spa for the Kids (see WIS), the Small Cup 2009 (see Section IPT) and the annual Saint Nicholas races.

In almost all the activities the Centre is assisted by SK KONTAKT KARLOVY VARY, which is still led and excellently look after by its founders Štěpánka Řehořková, Míša Tůmová and Alena Ženíšková from the position of members of the Executive Committee. The most successful swimmer of the club is the seventeen-year-old Milan Man, the winner of the junior category of the Czech Cup. Also in the student category the club swimmers are scoring points - the second place in the Czech Cup was reached by Petra Flekačová and the third place by Vendula Dušková. And the silver medal position was finally reached by the A team of swimmers of the club. Defending the second position was not easy and the performances of the swimmers of Karlovy Vary will still need to train a lot to meet the performances of the "Praguers" especially in the relay race.

The overall outcome was helped by David Burger, Jan Thenot, Lukáš Kroupa, Klara Dvorská and Jakub Voráček with their performances in the relay race. The results of the swimmers of SK KONTAKT KARLOVY VARY did not go unnoticed even in the poll "The best athlete of 2009" in our region of Karlovy Vary (More in Chapter Awards).

The following volunteers helped in the implementation of the Swimming program:

Alena Bahníková, Martin Buchner, Štěpán Cagaň, Petra Divišková, Nikola Frkalová, Simona Hankerová, Lucie Hronová, Petr Kohuš, Michaela Maříková, Jakub Novák, Kateřina Plávková, Bára Rothová, Martin Rovný, Honza Rzounek, Pavla Slavíková (January – August), Kamila Šimandlová, Veronika Šímová, Lucka Tóthová, Alena Ženíšková Jr., Míša Ženíšková, Alena Ženíšková Sr., Kristýna Ernestová, Adriana Habermannová, Adéla Koudelková and Štěpánka Petrová, for which we owe them a big thanks and recognition.

We would like to thank Jiří Linhart for the written description of our activity and its publishing in the Papers of Karlovy Vary, Josef Sedlák for cooperation in IT, Miluše Müllerová for her effort in opening doors in the FR area (fundraising). We would also like to thank the management and the staff of Alžbětiny Lázně corp. for their hospitality and a great cooperation together with the spa director Mrs. MUDr. Stanislava Maulenová, the parent center Mateřské centrum Karlovy Vary and the Volunteering centre Vlastovka at the Mateřské Centrum Karlovy Vary, namely the chairwoman of the center and the co-ordinator Mrs. Věra Bartošová and the co-ordinator of the project of the volunteering centre Mrs. Lenka Dolečková, the Elementary School Krušnohorská Karlovy Vary with the director Mr. Mgr. Miroslav Peer, the Children's Spa Hospital in Lázně Kynžvat headed by the director Mrs. Ing. Hana Hrušková, the trainers of the swimming section TJ SLOVAN Karlovy Vary for their cooperation and help in organizing the swimming races POHÁREK, Mrs. Jitka Peřina for her help and support in the implementation of the sport program and the pastor Vladimír Müller and the Stará Role parish for their spiritual support.

**The České Budejovice Centre**

Employee:

Mgr. Jan Janoušek, Manager of the Centre

the Volunteer Team:

The Centre was looked after by its leader Mr. Jan Janoušek who organized swimming at the fitness centre Faktory Pro at the Business Centre IGY for 23 swimmers 4 times a week. There has been an significant growth in the number of people interested in swimming this year compared to last year, which has been our goal. A small excursion tour from South Bohemia kept gathering racing experience both in the whole series of races of the Czech Cup, and at the Games of Disabled Athletes in Brno.

Our Thank you goes to Radka Schmiedová, the managing director of Faktory Pro for great conditions and the are provided in the swimming pool.

Swimming lessons in 2009, thanks to the training program of KONTAKT bB also took place in eight other locations in the Czech Republic within the scope of separate legal entities .

### **Weekly camps**

#### **WIS - Weekly intensive sojourns**

***motto: "I want to live, to survive, to experience!"***

Camps are areas of activity, from which the entire program of the association unwound. It therefore shows the vision, mission and the objectives of the association in a concentrated form and time period of one week. The program packed and the two-phase swimming lessons are framed by a thematically oriented program organized by the age it had been designed. The staff and volunteers provide not only the special swimming program itself, but also the necessary personal assistance, the supporting program as well as the issues related to the provision of social services (basic counseling, etc.). The sojourns offer the opportunity to spend time with a family member or a holiday trip with the whole family in Strakonice. One of the steps towards self-sufficiency, primarily a psychological one, may also be spending the first week of the stay of the children or adults on their own after the trauma that is to say outside the family and outside the medical centre.

The camps are organized for children, the youth and adults in both, beginners and advanced levels.

In 2009 we could experience these intensive camps together.

#### **XIII. The Enigmatic dawn**

The organizing party: The KONTAKT bB Brno Centre and SK KONTAKT BRNO

Svitavy, 15. – 21. of of February

The camp was attended by 25 swimmers in the age range from 12 to 25 whom assisted 16 volunteers and 5 employees of the association. Six harworking training lessons paid for themselves in the final Friday race called the Svitavy Cup Apart from swimming the youngsters tried to play tennis under the leadership of the President of the Czech Wheelchair Tennis Association Mr. Martin Císař and a real world level tennis game was demonstrated by the tennis player Mr. Miroslav Brychta. During the week the swimmers were given, rehabilitation exercises led by Mr. Jaromír Bečvář and with Ms. Pavla Kryslová they rehearsed a dance performance, which was also joined by the Superman.

#### **XVII. Summer Swimming**

***Motto: "For lungs like the bellows of Švanda the Piper."***

Organizer: KONTAKT bB

Strakonice, 12. of July - 1. of August

The Swimming Academy beyond borders invited to the weekly seminars of the subject field of Swimming and Communication, in the first week 12. of July - 18. of July adult participants, from 19. of July to 25. of of July the

**Organization:** KONTAKT bB  
**Division:** PR  
**Section Part :** Promotional Items  
**Events:** The Annual Report  
**Subject:** Text – basis

---

youth and in the last week from 26. of July to 1. of August successfully passed even children. It can be said that this complex but entertaining subject was studied by 135 students who passed the crucial test called the Final Test In Professional Nastatorial Training in other words the Cup of Strakonice I-III. The sledge hockey exhibition tournament played by the SKH SHARKS team Karlovy Vary and SKV České Budějovice was a variegation of the tuition. The students were assisted by 75 volunteers and 11 employees-"academicians". The cake donated by the employees of Fezka, where we took our meals, was a really sweet goodbye after the three week stay.

#### **IV. The World of Tales**

The organizing party: The KONTAKT bB Brno Centre and SK KONTAKT BRNO

Bystré, 12. – 18. of September

18 children accompanied by a family member except for three children who came alone, made their way to Bystré. They were welcomed by Snow-white who turned each and everyone into dwarves by putting the cap on. With the help of 7 volunteers and 5 employees throughout the week the dwarves learnt how to swim, exercised, undertook Hippotherapy and Canistherapy.

#### **XI. The Spa for the Kids**

Lázně Kynžvart, 15. – 21. of November

The organizing party: The Karlovy Vary KONTAKT bB Centre and SK KONTAKT KARLOVY VARY

A group of twenty children decided to attend the Intensive Swimming lessons in Lázně Kynžvart. It is hard to say what went wrong during the trip, although the GPS data were correct the kids ended up in a village called Plaváčkova Lhota. Coincidentally, the same thing happened to the 14 volunteers and 5 employees of the Karlovy Vary Centre. This may well be though a consequence of one of the previous camps, where experiments with the time machine were carried out. The change of the venue and the date did not prevent the diligent swimming trainees with the final Chebský špalíček race. As usual, the results were excellent. The first overcomings of the swimming pool dolphin style were positively evaluated even by Špek, the village mayor.

No different from other weekly camps, The Spa for the Kids attempted to carry out the motto: "Walk up the stairs, swim across the sea", but only here they have managed to break the barriers of time ☺ .

### **Sport**

#### **IPT - Individual Preparedness Tests**

***Motto: "More than just a sport!"***

The Sport area of activity is logically tied to swimming lessons as well as to the organized camps. In the implementation of this realm the association collaborates with sport clubs founded upon the initiative of KONTAKT bB as separate legal entities working with particular Centres. This is an area comprising mainly the organization of races at home. The series of races the Czech Cup has gained a considerable reputation. The international mass meeting EUROWAVES has entered among world's most favourite races. About a hundred disabled swimmers participate in the home races.

In 2009, swimmers could qualify for the Czech Cup races always at the end of the camps at the Svitavy Cup races in Svitavy, the Strakonice Cup I - III, the Polička Cup and the Kynžvart Cup.

#### **The III. year of the Czech Cup**

***or "Not the swimmers - the swim suit is small"***

This year's series of the Czech Cup consisted of four traditional races organized by the Centers of KONTAKT bB and their sports clubs. The results achieved in particular races were recalculated according to the KONTAKT bB system of points. Three best times achieved (always the sum of two best disciplines at a particular mass meeting) in four races included in the series were counted in the overall list. The point recalculation model allows swimmers to compare their performance regardless of the disablement, the classification and/or gender which results in a healthy rivalry and in a greater competition. Centres or the management of the organization collaborated with particular sports clubs in the realization of the races.

#### **The small Cup**

**Section Part :** Promotional Items  
**Events:** The Annual Report  
**Subject:** Text – basis

---

The organizing party: The Karlovy Vary KONTAKT bB Centre and SK KONTAKT KARLOVY VARY Sokolov, 4. of April

The patronage of the ninth annual race was traditionally provided by the Mayor of Karlovy Vary and Sokolov mayor. The race was attended for the first time by foreign swimmers - from neighboring Slovakia - and the total number of athletes reached a record number of 109 swimmers.

Of 430 starting individuals the best performance was that of Kateřina Lišková from SK KONTAKT PRAGUE, the best performance in the junior category belongs to Karin Petrikovičová from SK lames, the student's gold went to Michaela Philipi from SK KONTAKT BRNO and the winner of the youngest students is Karel Brož from the Brno club. In the team competition the first place belongs to the swimmers from SK Kontakt Prague.

## **VI. EUROWAVES - The Cup for all Europeans,**

***Motto: "Not only Europe, not only waves, not just sports."***

Organizer: KONTAKT bB

Chomutov, 5. - 7. of June

The race we held with the guarantee of the International Paralympic Committee for swimming under the patronage of the Mayor of the City of Chomutov Mrs. Ing. Mgr. Ivana Řápková, was attended by 80 swimmers from 9 countries. 24 swimmers have used the possibility to undertake the qualification (the division into classes according to the level of disablement). The classification was organized and watched by the Classification Committee with Julie O'Neil, Rafi Heruti, Dea Slattery, Jana Švarcová and the technical delegate was Susan Prasad from the United Kingdom. The Swiss sightless swimmer Chantal Cavin who twice hit the fourth position in short crawl lines in Beijing demonstrated world class performances Another visually impaired swimmer Karin Petrikovičová from Slovakia approached the level of 1000 points making her a world top class athlete in 100m backstroke. The 200m crawl of the home swimmer Kateřina Lišková was among the sportive highlights of the mass-meeting whose personal record 3:09:86 won her 996 points making this the most valuable performance of the event. The Prizegiving ceremony of the race was hosted at the Hotel Cascade in Most, where the golden medalist from the Paralympics in Sydney Jana Hoffmanová handed over the medals for the best athletes.

A total of 41 volunteers from the High Healthcare School in Chomutov and from Karlovy Vary and Brno Centres.

## **II. The Brno Dragon**

The organizing party: The KONTAKT bB and SK KONTAKT BRNO

Brno, the 24. of October

The Sports and Recreational site in Kraví hora hosted also the second annual nationwide race for disabled and visually impaired swimmers . The race was inaugurated by the Mayor of the town district Brno-střed Mr. Mgr. Libor Štástka together with the European triathlon vice Mr. Filip Ospalý. The 85 swimmers from seven Sport Clubs were hailed by senator Mr. MUDr. Tomáš Julínek, who is a longtime supporter of the swimming program organized by the civic association KONTAKT bB. In the category of the youngest students it was Matěj Hodoval from SK KONTAKT KARLOVY VARY, who enjoyed the feelings of winners that came with his bronze. The silver and gold was split between Strašík brothers from the Prague club - Matyáš was positioned second after Tadeáš being the first. In the category of pupils, third and first places were occupied by swimmers from SK KONTAKT BRNO - Bronze Marian Fiala, gold Michaela Philippi, silver glitters on Vendula Dušková from the Karlovy Vary club. In the junior category, the third and second position went to representatives of the Swimmers Club PK Zlín - third Lukáš Polčák, second Jan Šarman, the first was as expected Milan Man of Karlovy Vary. The category of adults was won entirely by SK KONTAKT PRAHA - first two positions and at the same time the most valuable performances in points were achieved by Vojtěch Franěk and Kateřina Lišková both from SK KONTAKT PRAHA, the bronze medal went to their club colleague Jiří Krňávek. A big round of applause accompanied the announcement of the best teams. For the first time in the history of the Czech Cup, the first position was achieved by swimmers from SK KONTAKT BRNO.

## **XVIII. The Strahov Cup**

The organizing party: The KONTAKT bB and SK KONTAKT PRAHA

**Organization:** KONTAKT bB  
**Division:** PR  
**Section Part :** Promotional Items  
**Events:** The Annual Report  
**Subject:** Text – basis

---

Praha, 28. of November

The Czech Cup final race was not missed by a total of 180 participants, of which 92 swimmers from 7 sports clubs. Most of the participants were swimmers from clubs and centers of the civic association KONTAKT bB. The most numerous was the representation of the local club SK KONTAKT PRAHA with 36 swimmers. SK KONTAKT BRNO sent a party of 23 swimmers, the Karlovy Vary club sent to the final battles of the Czech Cup 21 swimmers, the České Budějovice Centre of KONTAKT bB was represented by 6 swimmers and SK VODOMÍLEK Jihlava by 3 swimmers. The Swimmers Club PK Bohumín and the civic association DRAK from Liberec sent one swimmer each.

Victory in particular categories was enjoyed by overall leaders of the Czech Cup thus confirming their steady performance. The most valuable woman performance was reached by Kateřina Lišková on the 200 m free style with the time 03:16,39. Among men the best time 01:13,69 was performed by Milan Man on the 100 m backstroke. The team contest was won by the local team SK KONTAKT PRAHA with Kateřina Lišková, Dominik Kurka, Anastasja Vištálová and Jana Šotová.

#### **Other actions of the IPT area**

##### ***Regional championships***

##### **The Games of disabled talents.**

Brno, the 26. of June

The race, held on the 26th of June in Brno, was attended by 11 swimmers from SK KONTAKT PRAHA, 33 swimmers from Brno and 24 competitors from the club of Karlovy Vary. It was organized by the Marketing Agency APC with the Endowment Fund Emil under the patronage of the Mayor of Brno Mr. Roman Onderka. The event was held in an atmosphere of a collective competition, where winning is not really the important factor compared to the importance of taking part in it. Therefore everyone enjoyed the event.

##### **The quest for the Svatka Valley Cup.**

Brno, 3rd of December

The race is designed for primary school children in Brno, where river Svatka flows  the patronage is taken upon by Mayors of these town districts and the swimmers of the Brno Centre are given the opportunity to display their well-tuned swimming styles. This year our team of six racers, who let out all their powers in order to prove that in water they feel at home!

##### **The Kuřim Cup of the hopes of Brno**

***Motto: "There is never enough Hope!"***

Brno, 18th of December

The traditional race prepared by the Brno Center for its swimmers involved in swimming lessons all the year round, is this year held in the Sports and Recreational Site in Kraví hora due to the reconstruction of the Spa in Kuřim. 32 swimmers joined in the battle. Just as last year, the main prize for the age category not exceeding 15 years of age found its owner in Michaela Philippi, the winner in the next category over 15 years of age bears the name Jan Solčány.

##### **The Christmas Relay**

Prague, the 16th of December

The end of the year is the time of the Christmas Relay when the waters of Strahov saw some waves in the battle of four pentamorous relays with the field captains Tomáš Baxa, Nasťa Vištálová, Ondra Adam and Lenka Vodičková. After the swimming stress the swimmers moved to the nearby Himalayas, where the energy output for the heights above sea were sucked from fruity cocktails prepared by a professional bartender Jarda Kolař and the good spirit of the association, Josef Dusek played music for both listeners and dancers.

##### **Saint Nicholas races – the championships of the Karlovy Vary squads**

Karlovy Vary , 8. of December

**Organization:** KONTAKT bB  
**Division:** PR  
**Section Part :** Promotional Items  
**Events:** The Annual Report  
**Subject:** Text – basis

---

Squad championships in the vesture of Saint Nicholas are a nice part of the closing of the training year and the final testing of the swimmers' skills. Given that the final race (the Strahov Cup, the last race of the Czech Cup) were already behind the swimmers, the Saint Nicholas races were designed as a display and feedback to our swimmers and instructors, as to what has been learned in three months and what progress has been made. It was an uneasy task - to swim at least 25 meters dolphin or dolphin technical exercise, the so called gaugin. The winner was everyone who swam across, St. Nicholas, together with the angel and the devil came to observe the performances of the swimmers.

### ***Races abroad***

#### **German Open**

Germany, Berlín , the 28. of May - The 31 of . May

The traditionally largest paralympic swimming races apart from the season highlights such as the World Championship, the European Championship or the Paralympics were attended by a small group with Kateřina Lišková, Milan Man, Jaroslav Kolář, and Jan Nevřkla, The latter remained here after the races at IPC Swimming Forum, which has now replaced the International General Meeting of sport. This is a race of an extraordinary world competition throughout the classes, and non-paralympic events are scored pointwise, so e.g. the S 10 class can swim backstroke etc. A heat round is swum for the finals A (8 best times from the heating round) and B (9. - 16. position). In this context, the final balance 1 x A final + 4 B final is a tremendous success for Kateřina Lišková, and also two 11th positions of Milan Man in his age category can be considered as great success.

#### **The IWAS GAMES**

India Bangalore 12. 11.- 2. of December

Only one of our swimmers flew to the IWAS World Games accompanied by his wife. He took a rather exemplary approach to the matter as he himself paid for everything and considered it to be a sports oriented vacation. He even represented the Czech Association of Disabled Athletes at a general meeting of our International Organization For the Disabled IWAS. His stay in India brought about an excellent representation of our club and Czech Republic, the only drawback was again the traditional fact that there were no rivals in his class. Anyway, his performance at the 50 m butterfly stroke in particular withstands a rigorous global scale, despite the fact that actually a small number of people dare for this track in the S2 class.

#### ***Concentration training abroad***

Francie, Pierrelatte, July 6 - July 16

The concentration event held in the small town of Pierrelatte, 170 km south of Lyon, was organized by the Belgian organization BOAS and after several invitations, we decided to explore how are s5ster events to our Strakonice camps organized elsewhere ☺ .

The daily program consisted of a two-step training in an outdoor 50 m pool. Katka and Milan were taken in training more than 7 km every day and they had the opportunity to experience not only a different training schedule, but a foreign guidance. The entertainment program, which included trips to the picturesque surroundings were also part of the whole event. Our micro-group with Kateřina Lišková, Milan Man and Jaroslav Kolář, did praise the trip, but they were heard saying "East, West Strakonice is best!" and that there's nothing to come close to our tutors ☺ .

## **IV. Birthdays, Awards and Miraculous pieces**

### **Birthdays**

#### **KONTAKT bB celebrated its 11th birthday**

The eleventh birthday celebration was held at the traditional place - in Prague, at the Strahov Student Cafeteria on the 28th of November. The music was brought by the band Flying Parties led by one of the Association's 'founding fathers', Mr. Josef Dušek, and by the underground garage legend Tony Ducháček. It was the right time

**Organization:** KONTAKT bB  
**Division:** PR  
**Section Part :** Promotional Items  
**Events:** The Annual Report

---

and the right place to meet old seasoned swimmers who used to meet each-other in swimming pools long before the birth of the association as well as in its infancy, with those who helped creating the swimming program, its transition into an independent organization and its further development, with those who are active members of the the association today - swimmers, volunteers, assistants and employees.

**We'd like to Welcome to life**

**František Švarc** and we congratulate his mother Jana and his father Ondra to their children trio they now have in their family!

**František Stuchlík**, the newborn offspring of our employee Milka and Honza who is the person who created the information system of the association!

**Michal Kolář**, Jarda Kolář's son, who is now the leader of the Prague Centre and Michal's mom Candice who used to volunteer in the Prague Center!

**Jakub Kulhánek**, who was born to his mother Petra and father Vitali, the association's documentary maker and webmaster!

**Sabina Čoklíková**, the daughter of the paralympic winner, the European Champion and the silver medalist of the World Cup Mrs. Kateřina Coufalová and his father Ondřej. Congratulations and we wish you much joy!

**Lenka Zárubová**, who was given birth by the swimmer of the Prague Centre Lenka Nárovcová with the nice vital statistics 2.60 kg and 46 cm. Congratulations and we look forward to seeing both Lenkas at the pool!

**Awards**

**Magnet 09**

The prestigious KONTAKT bB awards for contribution to the swimming program in 2009 were awarded to:

**Miroslav Pošvic**, Graphic artist and sculptor who is the author of the logo of the association.

**Tony Ducháček and the Garage Band**, the Underground legend, for a string of ten consecutive free appearances at birthday parties of the association.

**The philanthropist of the year**

**Martin Kovář** was nominated for this award because of his immense will and life force and his hard work, which has been a great motivator for everyone, not just for the disabled swimmers and athletes. Despite the resounding names of the celebrities co-nominees Mr. Ladislav Černych and Teresa Maxová, the award went to Martin. Congratulations!

**The Price of the Mayor of Karlovy Vary**

Michaela Tůmová from the Karlovy Vary Centre received from the hands of the Mayor of Karlovy Vary on the 21st of March at the town ball the award for long-lasting activities for persons with disabilities.

**The nomination in the survey "The most successful athlete of the year 2009 for the City of Karlovy Vary and the Karlovy Vary region "**

The A team of the sports club SK KONTAKT KARLOVY VARY with Mian Man, Martin Kašpar, Petra Flekáčová, Vendula Duškova received the "The best athlete of 2009" award for the best team in the category of disabled athletes. The publication took place in the Spa Hotel Richmond and the prize was accepted on behalf of their children the parents of the above mentioned prizewinners as they were not able to participate in person due to a training camp.

**The best swimmers of the year**

**Subject:** Text – basis

---

Another traditional issue of the end of the year, which fills the Strahov Cup race, the association's anniversary and the MRUČ contest (you can read about elsewhere in the annual report), is awarding the best swimmers of the year.

Three top performances of four races of the series of the Czech Cup are included in the final ranking. The awards were handed by a traditional figure MD, council member and Olympic winner Mr. Lukáš Pollert together with the frontman of GARAGE Mr. Tony Ducháček. Among adults, Kateřina Lišková defended the leading. The second position was kept by Vojta Franěk thanks to the points gained in three previous races. At the time of the Strahov Cup he was on the IWAS World Games in India Bangalore. The junior category winner is Milan Man from Karlovy Vary. Among pupils the leadership was confirmed by Michaela Philippi from Brno who only narrowly forewent Petra Flekáčová and Vendula Duškova from Karlovy Vary, bringing this extraordinary performance. Among the youngest pupils up to ten years of age, the best performance was that of Tadeáš Strašík.

The awards for the most valuable performance of Czech Cup was handed over by Mr. Michael Kocáb, Government Minister for Human Rights, and Ing. Marie Kousalíková, Deputy Mayor of the Capital City of Prague, to Kateřina Lišková for a performance of 3:09,86 on the 200 m free style from the international mass meeting Eurowaves. Last year's victory in the team contest was defended by the team of SK Kontakt Praha.

### **Academic titles and other papers**

#### ***Bachelors***

Congratulations to all the volunteers who help us realize the swimming program while studying diligently at universities for achieved the title of the academic title Bc:

#### ***Future Masters***

to: For obtaining the academic title Bc. and for signing on the masters course successfully our congratulations goes

Bára Smékalová, who is now continuing the 2. Medical Faculty of Charles University, and Petra Stejskalová and Hanka Sladká, now students FTVS.

### **Wonderful pieces**

#### **With laurel on the neck**

Zbyněk Švehla and Martin Kovář as handbikers are conquering success both at the home race of the Czech Cup, but also in the international arena in the racing circuit European Handbike Circuit.

Martin Kovář, the Czech Cup overall winner in the HCA category, in the season of 2009 he ended up unbeaten in home field. The French Rossenau race, where he climbed up to the fifth overall position in his category.

Zbyněk Švehla participated mainly in the domestic Handbike Czech Cup race, where he found himself in the category HCC at the overall fourth position. He could enjoy the view downwards to see his rivals he had conquered at the Grand Prix of Prague - Karlovy Vary - Prague.

#### **Ironman Zbyněk continues**

In addition to the handbike races Zbyněk traditionally prepared for the Hawaii triathlon. In one of the two qualification races for Hawaii in Antwerp he made the cycle part in a record time 04:54:50 winning him the first position.

Zbyněk flew to the Hawaiian Kona with big ambitions - on the cycling turnaround he was still the leading competitor of his category. Though he did not finish the race due to a complete exhaustion. Well, these situations also belong to sports. The important thing however is that he is carrying on his triathlon endeavours.

#### **New Cooperation**

For the first time this year with the implementation of our activities is being supported by the staff of Telefónica O<sub>2</sub> who help us in their leisure time. We are very grateful for your assistance and we look forward to seeing each other at races and even at residential events in the future, blending our worlds benefits us all.

#### **Models**

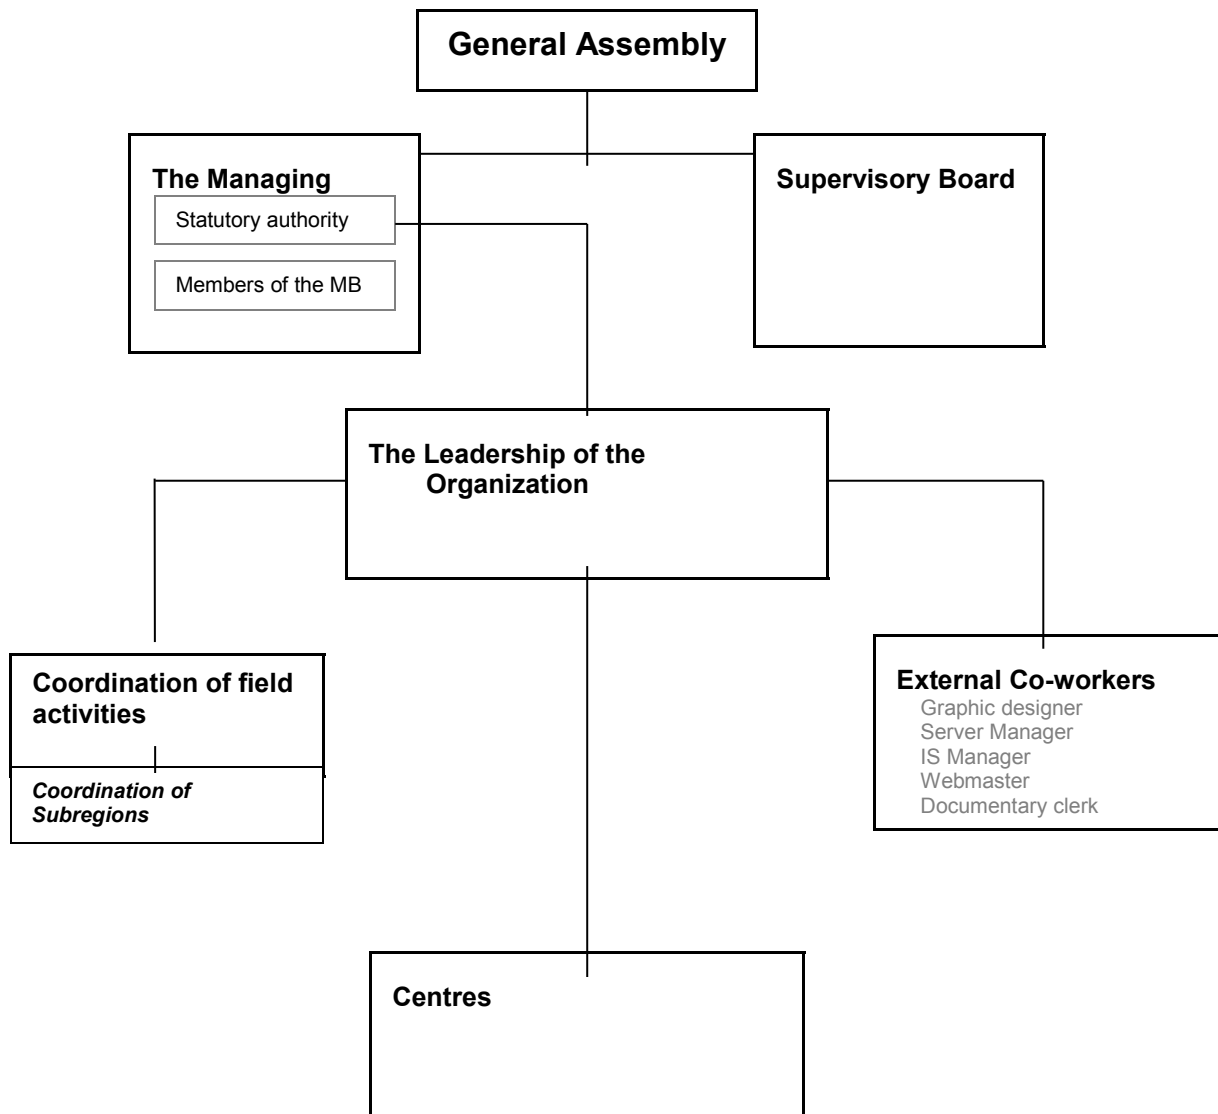

On the catwalk at a fashion show the renowned brand E.daniely shone on the gorgeous swimmers of the Prague Centre Miša Krunclová and Jana Hánová. The invitation came together with the representatives of SK KONTAKT PRAHA Mrs. Krystyna Poloková and Mr. Zbyněk Švehla from Telefonica O<sub>2</sub> and the Foundation O<sub>2</sub> this year supporting the club also financially .

**A Miracle for real**

Although only a few specialist putting the 105th hose into the entrails of the swimmer Láďa Kadeřábek believed in Láďa's healing, at the end after all he made it. The exemplary care of his wife Elen, who contrary to others never gave up believing in his healing certainly contributed in his healing. During Láďa's treatment the supporting e-mails he received from other swimmers of KONTAKT bB helped greatly.

**V. ORGANIZATION STRUCTURE**

*the Organizational Structure of KONTAKT bB*

**Organization:** KONTAKT bB  
**Division:** PR  
**Section Part :** Promotional Items  
**Events:** The Annual Report  
**Subject:** Text – basis

KONTAKT bB is a civic association, governing its activities according to the basic document - Articles of the Association. The supreme body of the association is the General Assembly - The assembly of all members. According to the Articles of the Association it is scheduled to meet every other year. The representatives to the Association Management and the Supervisory Board are to be elected every four years. The head of the Administrative Council the President and two Vice Presidents are elected directly. These are the members of the statutory body. The Statutory authority has the power to act on behalf of the association, is liable for the run of the association, it determines its policy and the guidelines of development. The Governing Board shall meet at least twice a year.

The President of the Association recruits and appoints employers to their posts. In the level of ensuring the daily run of the organization it is governed by an association executive director. Along with him the executive management of the organization consists of the chief accountant, the FR manager and the PR manager. They report to the statutory authority and the Board.

The Heads of the Centres are liable for the realization of the key business activity in the centers. Other posts in the centers are the Deputy Head of the Centre and the PR and FR center manager. Jobs can be the according to the size and scope of the Centre's activities united. According to the actual staffing of the Centre the employees are forked among the activities necessary to ensure the main activities in their areas and sections.

  - Mgr. Josef Dušek, The Good Spirit of the association
  - Mgr. Milena Dušková, excercising, choreographics a charisma
  
- **Supervision and Expert Guarantee**

#### **Project Supervisor is Dr. Martin Kovář**

Kovář graduated from the Faculty of Physical Education and Sport at the Charles University and finished his postgraduate studies with thesis entitled Aplikovaná metodická řada ve výuce plavání jedinců s míšní lézí (Applied Series of Methodical Instructions in Swimming Lessons For Individuals Affected by Spinal Lesion). Kovář was Czech Prime Minister's advisor for information and communication technologies (ICT) and sport; is a member of the Management Board of the Charter 77 Foundation – Konto BARIÉRY (BARRIERS Account). In 1995-2001, he was advisor of the Minister of Labour and Social Affairs and director of the project Computers Against Barriers at the Charter 77 Foundation. In the early 1990's, he was member of the first Governmental Committee for People with Disabilities.

Kovář was a key person in the creation of the entire swimming programme and the Kontakt project. He is a co-author of the original methodical series of swimming lessons, which are the subject of this thesis. He has applied all elements of the methodical series to himself and, as regards swimming, he has achieved the absolute top in sport, with three paralympic victories in Athens. In the early 1990's, he came up with an idea of weekly stayovers with swimming lessons and, in the second half of the 1990's, he extended these activities with a PC course. Initially, he significantly participated in the implementation of the contact programme. Today, due to his permanent contact with practical applications, and his experience from the non-profit sector as well as business sector, he is an ideal supervisor of the project.

#### **Expert Guarantee:**

**Doc. Dr. Pavel Kolář, CSc.**, Head of the Rehabilitation Clinic of the General University Hospital in Motol

**Doc. PhDr. Jaroslav Potměšil, CSc.**, Faculty of Physical Education and Sport at the Charles University, Department of Pedagogy, Psychology and Didactics

**MUDr. Jan Hnízdil**, Centre of Comprehensive Medicine, Dobřichovice
